PROFESSIONAL SUMMARY

Final year Computer Science Engineering student passionate about coding, aspiring Software Engineer eager to apply theoretical knowledge for innovative solutions and contribute to software development. Seeking hands-on experience and growth in the dynamic tech industry.

EDUCATION

| | |
|---|--------------------------|
| Bachelor of Engineering , Computer Science and Engineering | 2024 Graduate |
| Chandigarh University, Mohali, Punjab | CGPA: 7.63 |
| Class XII , Comford Public School, Patna, Bihar | 2020 |
| Central Board of Secondary Education | Percentage: 69.6 |
| Class X , D.A.V Public School, Patna, Bihar | 2018 |
| Central Board of Secondary Education | Percentage: 82.83 |

MAJOR PROJECTS

ShopO – Multivendor e-commerce web application [\[link\]](#)

- Developed a comprehensive e-commerce platform featuring user and seller authentication, enabling secure access for both buyers and vendors. Also implemented robust search and category-based product navigation, streamlining the shopping experience for users.
- Integrated multiple payment methods, including card payments, PayPal, and cash on delivery, while also enabling post-purchase interactions such as product reviews and in-app chat with sellers, ensuring a convenient and engaging shopping experience for customers.
- Designed and created an admin panel for sellers, empowering them to manage their product listings efficiently. This panel includes features like adding, deleting, and editing products, as well as the ability to offer promotional coupons.

Tech Stack: React, Tailwind CSS, Redux, Socket IO, NodeJS, MongoDB, Stripe Payment Gateway

BiteSquare Go – Food delivery mobile application [\[link\]](#)

- Mobile Application for Food Delivery, developed using react-native and firebase as the backend, has a range of functionalities like user authentication, search food, order food, track order, ordered food history, and manage user profile.
- Efficient food management and delivery assignment through an admin panel with update capabilities.

Tech Stack: React, CSS, React-Native, Firebase

SKILLS

Technical Skills: Java, JavaScript, HTML, CSS, React, React-Native, Spring, MySQL, MongoDB, Linux, Git

Interpersonal Skills: Teamwork, Adaptability, Creative, Enthusiastic

EXTRA-CURRICULAR ACTIVITIES / ACHIEVEMENTS

Event: MobileXtreme HackFest 2023

Achievement: Among Top 10 Best Mobile Application

Description: Developed a program learning mobile application with a team of three members. Utilized my skills in app development, UI/UX design, and frontend to create an app that was both functional and user-friendly.

TRAININGS / CERTIFICATIONS

- Training Certificate of React from Internshala
- Certification of Java and Java Full Stack from NPTEL and Wipro respectively
- Certification of Git & GitHub from Coursera
